Term 4 - 24 October 2018

FROM THE ACTING PRINCIPAL

We have had only a short week but even in 3 days a lot of things have happened.

The Year 1 – 6 students have participated in the annual PAT testing. These standardised test are performed every year measuring growth in learning amongst key areas of the curriculum. Well done students for tackling these tasks positively and having that growth mindset about learning.

The Preps haven't missed out. They have also completed their PIP test which was started at the beginning of the year. They themselves could see how far they have come in their learning. A job well done by all.

Let us continue to glorify God, the one who has given us the ability and desire to learn and love. Enjoy the extra long weekend, no school on Thursday and Friday.

God bless,
Margaret Louw

A NOTE FROM SCHOOL COUNCIL

Council met on Monday evening and were very pleased to hear from Margaret that the kinder playground renovations are nearly complete with a wonderful new swing and easier access to the classroom, many thanks to Lot and Janny Bosveld (grandparents of some of our students) who gave a generous donation to our school and to CST who also contributed.

We also discussed the role of school reports and how the A-E marks are to be interpreted. As a council we agreed this information needs to be made clearer to parents, so keep your eye out for this information at report time.

Many things get discussed at council meetings and we would ask you to pray for us for wisdom and discernment as we support Margaret and the staff in many different areas.
